### AN ANNOUNCEMENT

OF INTEREST TO ALL AMATEUR PHOTOGRAPHERS

AND TO THOSE WHO INTEND TO JOIN THE EVER-GROWING RANKS OF SNAPSHOTTERS IN 1929

We have not been lying dormant during the winter. Our many photographic friends have kept us busy enlarging and framing the best of their negatives, and we have executed a steady flow of developing and printing orders from the serious-minded indoor and scenic photographer. We have overhauled the whole of our photographic plant and added fresh apparatus to cope with the new season's orders. As in 1928, so in 1929, there will be no disappointments—the best possible results from each exposure.
